**NOTICE OF A COMPLETE APPLICATION TO AMEND THE ZONING BY-LAW
and
NOTICE OF A PUBLIC MEETING
CONCERNING A PROPOSED ZONING BY-LAW AMENDMENT**

TAKE NOTICE that the Corporation of the Municipality of McDougall deemed Application Z01-2020 (Mercer) to amend the Municipality's zoning by-law a "Complete" application under Section 34 of the Planning Act on October 21, 2020.

AND FURTHER TAKE NOTICE that pursuant to section 34 (10.7) of the Planning Act, the Application file is available to the public for inspection. Please contact Lori West, Clerk/Planner at 705-342-5252 or lwest@mcdougall.ca to make an appointment to inspect the file.

AND FURTHER TAKE NOTICE that the Council of the Corporation of the Municipality of McDougall will hold an electronic public meeting on November 18, 2020 at 7:00 p.m., via the Zoom application to consider a proposed zoning by-law amendment under Section 34 of the Planning Act, R.S.O. 1990. The meeting will be broadcasted from the Municipality of McDougall Council Chambers, and the public can view the meeting virtually on the Municipality of McDougall YouTube Channel.

If you wish to speak to Council at the meeting by electronic participation, please contact Lori West, Clerk/Planner (Phone 705-342-5252 or via email lwest@mcdougall.ca), by 9:00 a.m. on the regular business day preceding the scheduled meeting where the item will be considered.

THE PURPOSE of the proposed Zoning By-law amendment is to rezone Part of Lots 11 and 12, Concession 2 (known locally as 75 Haines Lake Road) from the Waterfront Residential 6 (WF6) Zone to the Rural (RU) Zone.

THE EFFECT of the proposed Zoning By-law amendment is to put the road-front lot in the Rural as it is no longer part of a waterfront parcel. The rezoning is a condition of Consent No. B05/2020 (McD) by the Parry Sound Area Planning Board.

Please refer to the opposite side of this Notice for a key map showing the land to which the proposed zoning by-law would apply.

If you wish to be notified of the decision of the Municipality of McDougall on the proposed zoning by-law amendment, you must make a written request to the Municipality of McDougall, 5 Barager Boulevard, McDougall Ontario. P2A 2W9.

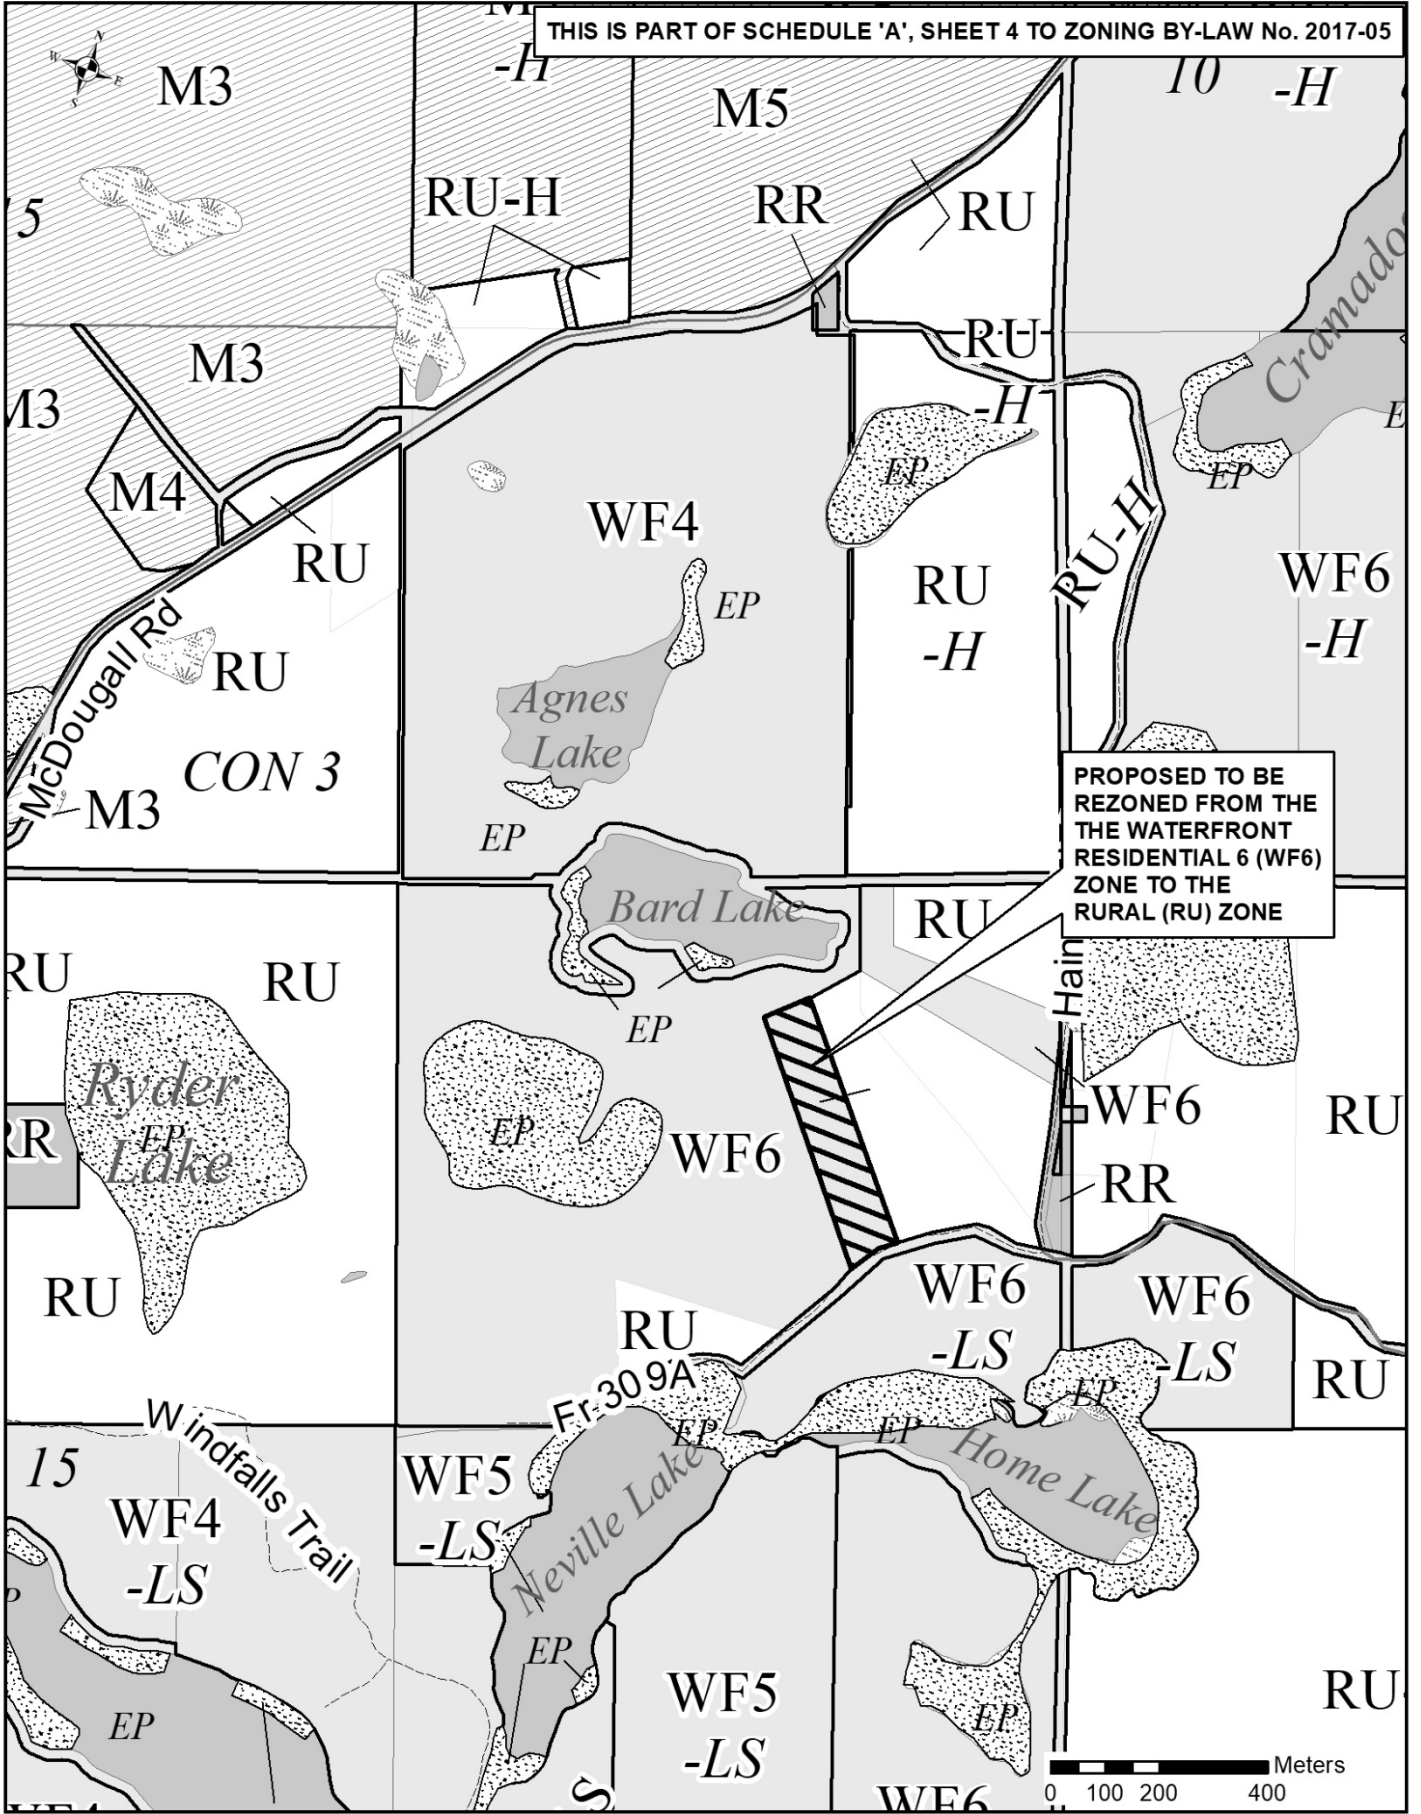

IF A PERSON OR PUBLIC BODY would otherwise have an ability to appeal the decision of the Council for the Municipality of McDougall to the Local Planning Appeal Tribunal but the person or public body does not make oral submissions at a public meeting or make written submissions to the Municipality of McDougall before the by-law is passed, the person or public body is not entitled to appeal the decision.

IF A PERSON OR PUBLIC BODY does not make oral submissions at a public meeting, or make written submissions to the Municipality of McDougall before the by-law is passed, the person or public body may not be added as a party to the hearing of an appeal before the Local Planning Appeal Tribunal unless, in the opinion of the Tribunal, there are reasonable grounds to do so.

ADDITIONAL INFORMATION and material about the proposed by-law is available for inspection at the Municipal Office during normal office hours.

DATED at the Municipal Office this 28th day of October, 2020.

RE: Financial support for the Parry Sound Public Library January 1, 2021 to December 31, 2022 Budget

Thank you for the opportunity to appear before the Council to discuss the important role the library plays in our community. We have brought to you today a “Parry Sound Public Library 2020 Commercial” for your viewing. This commercial will explain to you all what we have been doing since March 17, 2020 when the province shut down due to Covid 19.

We at the Parry Sound Public Library are working diligently to deliver first rate customer service to our community and creating variety of virtual programs for children, youth and adults and of course bringing in best sellers and keeping up with the times with E-resources. We have kicked off our new “What’s Your Sound Podcast” This program has been met with enthusiasm from the community and surrounding area.

We strive to be an outstanding library in the province and have developed outstanding policies and programs during these difficult times and have been recognized by other associations and libraries.

Now saying this, the main funding for Parry Sound Public Library comes from its Town of Parry Sound and our contract Municipalities/Townships. We have also introduced a new accessible circulation desk for our patrons. This was funded by our Elevating Minds Campaign during the past two years.

As discussed last year we are hoping that we will have another two year agreement with the same amount in 2022. The two year system has worked extremely well for us. The ask for each year is \$48,429.57

We firmly believe we are heading in the right direction in providing the best little library we could possibly bring to our community and we are all so proud of it. We appreciate your support and we look forward in continuing to having you as a library supporter and bringing more individuals to our little treasure in our community.

Sincerely,

Rita Orr

REPORT TO COUNCIL

| | |
|----------------------|--|
| Report No.: | C-2020-12 |
| Council Date: | November 18, 2020 |
| From: | Lori West, Clerk/Planner |
| Subject: | Backyard Chickens – Information Report |

Background:

Staff and members of Council have received several inquiries regarding permitting backyard chickens in residential areas. At the November 4, 2020 meeting, Council directed staff to review the by-law and prepare a report to provide information to Council regarding current regulations for 'backyard chickens' within the residential areas of the Municipality of McDougall, as well as options and considerations on the matter.

While the keeping of livestock has generally been associated with Rural Zone properties and not residential properties, some Ontario municipalities have recently established permissions for the keeping of backyard chickens. Typically, this entails residents keeping hens for the production of fresh eggs for their own use and not for resale. Supporters of 'backyard chickens' claim benefits related to sustainability, education, food quality, ethical animal treatment and improving mental health.

The Municipality of McDougall's Zoning By-law Section 3.52 Prohibited Uses prescribes that;

"Except as specifically permitted by this By-law, the following uses are prohibited:

*(k) the keeping of horses, cows, pigs, goats, **chickens** or other farm animals in any Residential (RR) Zone or any Waterfront Residential 1 to Waterfront Residential 6 (WF1 - WF6) Zone;"*

In order to consider backyard chickens, Council would be required to commence the Zoning By-law Amendment process in accordance with the Planning Act. The following provides an overview of the necessary steps to facilitate policy changes if Council were to consider permitting 'backyard chickens' on residential properties:

- **Notice:** Publish a Notice of Public Meeting in the local paper and municipal website a minimum of twenty days prior to holding a required meeting.
- **Public Meeting:** The public meeting would allow residents to provide written correspondence in advance of, and speak to Council in support or opposition of permitting backyard chickens. Public input is necessary to inform Council's decision.
- **Decision of Council:** Following the public meeting a by-law would be presented to Council for consideration,
- **Appeal Period:** The decision of Council is followed by a 20 day appeal period.

In addition to the many benefits previously provided to Council regarding backyard chickens, Council would also need to consider the risk of infection, noise, odour, and community preferences. Staff have outlined a number of considerations related to permitting the residential use of backyard chickens.

| Consideration | Concern | Mitigation |
|-------------------|---|---|
| Infection/Disease | <ul style="list-style-type: none"> • The poor location of a chicken coop could potentially impact the ground water and well heads both on and off the property depending on the physical location of the coop and animal waste storage. • Chickens can be carriers of diseases that can be transmitted to humans who are in close contact with them including children. | <ul style="list-style-type: none"> • Coops and manure storage should be setback away from drainage ditches, swales or other channels that could transport waste from the coop or manure storage area to surface or groundwater sources. • Potential health hazards can be effectively addressed by responsible flock management and food safety practices. • Hens may require occasional veterinarian care similar to household pets in the event of sickness or disease. |
| Noise | <ul style="list-style-type: none"> • Roosters (male chickens) loud roosting activity and other disruptive behaviors. | <ul style="list-style-type: none"> • Not typically permitted to be kept in residential settings. • Chickens must grow to an age of 4 months before it is possible to tell if they are roosters before they are brought into a residential setting. |
| Odour | <ul style="list-style-type: none"> • Hens can produce up to 2 lbs. of manure per week per bird. • Odours produced by slaughter or death of a chicken | <ul style="list-style-type: none"> • Manure management practices, including composting would need to be established. • Typically urban hens are kept for egg production and not meat. • The sale and distribution of uninspected meat is illegal. • The proposed by-law would only allow for laying hens, and not raising chickens or poultry for meat. • deceased hens to be disposed of at a livestock disposal facility or through the services of a veterinarian |
| Community Concern | <ul style="list-style-type: none"> • Potential to attract wildlife and pests | <ul style="list-style-type: none"> • Require a means of shelter from the elements in a shed or coop as well as a protected / fenced compound (run) for exercise and light. • Hens require a supply of clean water and feed, feed would need to be kept in a rodent proof container. |

Hens are social animals and usually thrive better in groups. They are generally kept for limited egg production more than as domestic pets. Hens will lay 1-2 eggs typically per day under ideal conditions and will generally continue to lay eggs for 5-7 years. The typical lifespan of a hen is species dependent. Most heritage breeds can live up to and beyond 8 years.

Staff have polled a number of municipalities that allow backyard chickens. Those that do permit backyard chickens have a number of provisions including:

- A limit on the number of hens (anywhere from 4-10 – depending on land size),
- prohibit the sale of eggs,
- prohibit roosters,
- have limits on the size of the coop and manure storage,
- setback requirements for coops from dwellings and property lines,
- Prohibit free roaming of hens on the property,
- Etc.

There are municipalities that also require an application or license for backyard chickens. The application would require the submission of a site plan showing the location of the coop and manure storage, require neighbour sign-off, and the requirement of an ESA certificate if approved.

Recommendation:

That Council receive the Backyard Chickens Report, for information;

And that Council provide staff direction on one of the following options regarding the allowance of backyard hens;

- 1) Continue to enforce the existing Zoning By-laws and prohibit backyard chickens on Residential (RR) Zone or any Waterfront Residential 1 to Waterfront Residential 6 (WF1 - WF6) Zone properties;
- 2) Or, direct staff to proceed with the Zoning by-law amendment process, including a public consultation process in order to determine appropriate requirements for a zoning by-law amendment within the Municipality of McDougall.

October 29, 2020

Dear Head of Council:

I am writing to announce the release of the 2021 Ontario Municipal Partnership Fund (OMPF) allocations.

Last fall, we committed to providing OMPF allocations well in advance of the municipal budget year. Today, we are delivering on that commitment by ensuring municipalities have the information they need to plan their budgets.

Our government recognizes the importance of the OMPF for many of Ontario's communities. We also know that stability is a priority for municipalities, particularly in these uncertain times.

That is why the Premier committed to maintain the overall structure and \$500 million program envelope for the 2021 OMPF, as announced at the Association of Municipalities of Ontario (AMO) conference this past August.

In addition to ensuring stability, I am pleased to advise that maintaining the program envelope will allow for a further \$5 million in support to be targeted to northern and rural municipalities. The Rural Communities Grant will be increased to \$152 million to further support rural municipalities with the highest levels of farmland. The Northern and Rural Fiscal Circumstances Grant will be increased to \$92 million to further support northern and rural municipalities with the most challenging fiscal circumstances.

The 2021 OMPF will also continue to be responsive to changing municipal circumstances through annual data updates and related adjustments.

As in prior years, Transitional Assistance will ensure that the 2021 funding guarantee for municipalities in northern Ontario will be at least 90 per cent of their 2020 OMPF allocation and for municipalities in southern Ontario will be at least 85 per cent of their 2020 OMPF allocation.

Northern and rural municipalities with the most challenging fiscal circumstances will continue to have their guarantee enhanced up to 100 per cent of the prior year's allocation.

.../cont'd

The Ministry of Finance's Provincial-Local Finance Division will be providing your municipal Treasurers and Clerk-Treasurers with further details on the 2021 OMPF. This information and other supporting materials will be posted online at <https://www.fin.gov.on.ca/en/budget/ompf/2021>.

As you know, our government has been reviewing the OMPF in consultation with municipalities, to ensure the program meets the needs of local communities, especially small, northern and rural municipalities. Given the unprecedented circumstances surrounding the COVID-19 pandemic, we will be taking more time for the review. Discussions with municipal partners are expected to resume later this year.

I also wanted to take this opportunity to acknowledge the extraordinary challenges municipalities are facing as a result of the COVID-19 pandemic.

The Ontario government, in partnership with the federal government, is providing up to \$4 billion in one-time assistance to Ontario's 444 municipalities and 110 public transit systems as part of the Safe Restart Agreement. This includes up to \$2 billion to assist municipalities with operating pressures and up to \$2 billion for COVID-19 related financial impacts to municipal transit agencies.

This historic funding commitment will help local governments protect the health and well-being of the people of Ontario, while continuing to deliver critical public services such as public transit and shelters. Together, Ontario will continue down the path of renewal, growth and economic recovery.

We respect our municipal partners and remain committed to listening and working together to improve the quality of life for people across Ontario. By continuing to work closely with municipalities, our government is charting a path to a strong recovery and getting Ontario back on track.

Sincerely,

A Northern and Rural Municipal Fiscal Circumstances Index (MFCI)

2.8

The Northern and Rural Municipal Fiscal Circumstances Index (MFCI) measures a municipality's fiscal circumstances relative to other northern and rural municipalities in the province on a scale of 0 to 10. A lower MFCI corresponds to relatively positive fiscal circumstances, whereas a higher MFCI corresponds to more challenging fiscal circumstances.

The Northern and Rural MFCI is determined based on six indicators that are classified as either primary or secondary, to reflect their relative importance in determining a municipality's fiscal circumstances.

The table below provides a comparison of the indicator values for the Municipality to the median for northern and rural municipalities.

B Northern and Rural MFCI - Indicators

| | Municipality of McDougall | Median |
|---|---------------------------|-----------|
| Primary Indicators | | |
| 1. Weighted Assessment per Household | \$397,095 | \$287,000 |
| 2. Median Household Income | \$81,115 | \$69,000 |
| Secondary Indicators | | |
| 3. Average Annual Change in Assessment (New Construction) | 1.3% | 1.1% |
| 4. Employment Rate | 57.2% | 56.0% |
| 5. Ratio of Working Age to Dependent Population | 160.8% | 170.0% |
| 6. Per cent of Population Above Low-Income Threshold | 90.9% | 86.0% |

Note: An indicator value that is higher than the median corresponds to relatively positive fiscal circumstances, while a value below the median corresponds to more challenging fiscal circumstances.

Additional details regarding the calculation of the Northern and Rural MFCI are provided in the 2021 OMPF Technical Guide, as well as in the customized 2021 Northern and Rural MFCI Workbook.

RECEIVED OCT 26 2020

I am writing to request that the McDougal Council reconsider a decision made by Mayor Dale Robinson concerning interest and penalties on a property (the **Property**) on White Beaver Trail (Tax Account Role 4931 020 000200602.0000). In an email to me dated October 13, 2020, Mr. Robinson indicated he had reviewed my tax file with the treasurer and that there would be no adjustment to these charges.

In summary, the Property was severed with all necessary consents about five years ago from the adjoining property on which our cottage (the **Cottage**) is located at 16 White Beaver Trail. We and each year when I went into the municipality office to pay the tax bill for the Cottage, I inquired about the status of the tax bill for the Property. Until this year I was told there was not a separate bill for the Property and that we did not have to be concerned with this because it often takes MPAC a long time to value properties for tax purposes, at which time a separate tax bill would be prepared for the Property.

This year when I again inquired about this (by phone due to COVID), I was told that there is in fact a separate tax bill for the Property and that it is five years in arrears with interest and penalties of approximately \$2,200. I immediately paid the tax owing on the Property (approximately \$6,600) and asked Mr. Robinson to address the matter after being advised by a municipality clerk that the interest and penalties were payable since it is the responsibility of the taxpayer to update his or her address in the municipal records.

As you know, the McDougall website indicates that it is the responsibility of taxpayers to ensure that their address is correctly recorded and to check on any tax bills they don't receive. We agree with this approach and believe that Mr. Robinson and the municipal are also of this view. If you check the tax record for the Cottage, you can confirm that we have paid the municipal taxes on time and in full for nearly 30 years and we fully understand our responsibility to pay taxes and advise the municipality of address changes.

However, our concern is that we did not receive the tax bills for the Property until recently and in effect were being asked to update the tax address and pay the tax account which we were told repeatedly did not exist by clerks in the municipal office. This is a Catch 22 in that we were told there is no tax bill for the Property so there were no records to update or taxes to pay. We knew there would be a tax bill for the Property but the municipal clerks with whom we spoke in person each year (except this year when my conversation was over the telephone) when paying the tax bill for the Cottage also gave us a credible explanation for the delay in producing a tax bill for the Property, namely delays by MPAC.

We kindly ask that you confirm that the taxes have been paid on the Property until the end of 2020 and that the interest and penalties on these taxes to date be reversed. We also request notice of the council meeting at which this matter will be considered and the right to appear at the meeting.

Thank you for your consideration of this matter.

Sincerely, Robert Clark

| Report No.: | C-2020-13 |
| Council Date: | November 18, 2020 |
| From: | Lori West, Clerk |
| Subject: | Shore Road Allowance Application SRA-2020-7 Evans |

Background:

Application has been made by James Evans and Katherine Sentjens to purchase the Original Shore Road Allowance (SRA) laid out along the shores of Bell Lake in front of their lands described as Part Lot 20 Concession 8, in the geographic Township of McDougall, now the Municipality of McDougall.

Figure 1: Key Map

The applicants intend to construct a new cottage that would meet the requirement of the Zoning By-law, and requires the SRA in order to obtain a permit to demolish the existing dilapidated building and re-construct a single family dwelling.

The application process requires that neighbours be circulated on the application in order to agree upon the lot line projections. Neighbours on either side have signed off on the lot line

projection established by and existing survey completed on the shore road allowance, being Part 2 on registered plan 42R-9160.

Figure 2: Excerpt from Registered Plan 42R-9160

Staff have been circulated on this application with no concerns identified.

Recommendation:

Staff recommend that Council approve the request in principle, and direct staff to proceed with the application to stop up, close, and transfer of the subject SRA to the adjacent applicants Lands. Notice of the application and public meeting will be held in accordance with municipal policy.

MEDIA RELEASE

FONOM's Board of directors' comments on the 2021 Ontario Municipal Partnership Funding (OMPF)

Late last week, the Ontario Ministry of Finance shared with the Municipalities their 2021 allotment of the OMPF. The total fund of \$500 million is dispersed to 389 municipalities in Ontario based on their local circumstances, using the same formula as 2020 . Each local government in Northern Ontario received a share of the OMPF, totaling \$206,624,500.00. This amount is an increase of \$700,200 from the previous year. The Board is aware that not all members received an increase; due to the formula, several are receiving less than in 2020.

“We wish to thank the Province for continuing to support Municipalities on the Northeast with an increase to the OMPF allocation,” said FONOM President Danny Whalen. “also, having this information before most budget processes starting is a benefit to members.”

The OMPF allocation is unencumbered funding that Municipal Governments use to offset tax increases to their residents.

FONOM is an association of some 110 districts/municipalities/cities/towns in Northeastern Ontario mandated to work for the betterment of municipal the government in Northern Ontario and to strive for improved legislation respecting local government in the North. It is a membership-based association that draws its members from northeastern Ontario and is governed by an 11-member board.

Subject: **Amending the AGCO Licensing and Application Process for Cannabis Retail Stores to Consider Radial Separation from Other Cannabis Locations**

Dear Premier & Attorney General,

Hamilton City Council, at its meeting held on August 21, 2020, approved a motion, Item 6.1, which reads as follows:

WHEREAS in late 2019 the Province of Ontario announced that the AGCO had been given regulatory authority to open the market for retail cannabis stores beginning in January 2020, without the need for a lottery;

WHEREAS the AGCO has continued to send Cannabis Retail Store applications to the City of Hamilton for the required 15-day comment period,

WHEREAS the City has reviewed 61 Cannabis Retail Store applications for comment since January 2020;

WHEREAS the AGCO does not take into consideration radial separation for Cannabis Retail Stores.

THEREFORE, BE IT RESOLVED:

.../3

- (a) That the Mayor contact the Premier of Ontario, Ministry of Attorney General, and local Members of Parliament to ask that the Province consider amending its licensing and application process for Cannabis Retail Stores to consider radial separation from other cannabis locations.
- (b) That the request be sent to other municipalities in Ontario, including the Association of Municipalities of Ontario for their endorsement.
- (c) That Staff be requested to submit heat maps outlining the location of all proposed AGCO Cannabis Retail Store in the City on all AGCO Cannabis Retail Store applications.

As per the above, we write to request, on behalf of the City of Hamilton, that the appropriate legislative and regulatory changes be made and implemented to the AGCO licensing and application process to take into consideration radial separation for Cannabis Retail Stores as a condition of approval for a license.

Currently the City of Hamilton has reviewed 61 cannabis retail location applications since January 2020. Approximately 12 of these potential locations are within 50m (or less) of each other.

The City of Hamilton appreciates that the AGCO conducts a background search prior to approving any licenses, however the lack of separation between locations poses a community safety issue, as the over saturation in specific area(s)/wards, can negatively impact the surrounding community with increased traffic flow, and an overall "clustering" of stores within a small dense area.

The City of Hamilton is confident that radial separations from cannabis retail locations will have a significant positive impact on the community and allow for its residents to continue to enjoy a safe and healthy community lifestyle.

Sincerely,

November is Fall Prevention Month

NORTH BAY, ON - November is here, meaning it is time to talk about fall prevention. The North Bay Parry Sound District Health Unit (Health Unit) in collaboration with the local Stay On Your Feet (SOYF) coalition is bringing fall prevention conversations online. However, this doesn't mean you need to keep the conversations online.

Information and weekly contests will be shared throughout the month of November on the Health Unit's Facebook page and website. Each week will focus on one of the following themes:

- Medication Management
 - Drug interactions with prescription medications and over the counter drugs can cause drowsiness and dizziness, which can lead to a fall. It is important to keep an updated list of prescription and over-the-counter medications with you at all times.
- Nutrition
 - As we age, our sense of thirst declines and therefore need to drink regularly whether we feel thirsty or not. To prevent dehydration, women need nine cups of fluid each day and men need 12 cups of fluid each day.
- Physical Activity
 - Older adults should accumulate at least 150 minutes of moderate to vigorous intensity aerobic activity per week, in bouts of 10 minutes or more to achieve health benefits. Some health benefits may include improving balance, reducing falls and injuries, staying independent longer and preventing chronic diseases.
- Home Hazards
 - It is important that we identify, remove and report hazards in and around homes in order to prevent a fall. Keeping all walkways, ramps and stairs clear, ensuring adequate lighting, and removing unnecessary carpets are some ways to remove hazards in the home.

"We are encouraging people to follow along and learn about tips and tricks that promote healthy aging and fall prevention," explains Taylor Matson, Community Health Promoter at the Health Unit. "As we know, not everyone is online. We are encouraging individuals to use the weekly themes as a conversation starter with family, friends and coworkers."

Each theme will allow participants an opportunity to be entered to win an exciting prize pack. Individuals who prefer to talk to someone about each theme can call [1-800-563-2808](tel:1-800-563-2808) ext. 5215 and be entered into the contest.

SOYF is a regional initiative supported by the five Northeastern health units and is implemented locally by a coalition of partners. The partners work to improve the quality of life of older adults living in Nipissing and

Parry Sound districts by reducing their risk, rate and severity of falls. It is estimated that one in three adults, 65 years and older, and one in two adults, 80 years and older experience a fall each year.

Act Now to Prevent the Spread of COVID-19

NORTH BAY, ON – The province is currently experiencing a record number of cases of COVID-19, during this second wave, and trending upwards. Since mid-October, the North Bay Parry Sound District Health Unit's (Health Unit) region has seen an increase in the number of new COVID-19 cases among residents indicating that our region has also entered the second wave. This past week, we had the highest number of individuals who tested positive for COVID-19 (8) since early April. Currently, there are seven (7) active infections within the Health Unit district for a total of 56 confirmed cases since the pandemic began.

To help protect our vulnerable populations, preserve our vital hospital resources and prevent lockdowns, we must act now to prevent the spread of COVID-19.

“Our community has done well; we should be proud of ourselves. We’ve made many sacrifices and I know we’re all tired,” says Dr. Jim Chirico, Medical Officer of Health. “However, with the number of cases steadily rising in the province and more being seen within our district, now is not the time to relax. We have to continue to keep our community safe and open.”

The province has classified the Health Unit in the prevent - green level of the COVID-19 Response Framework. The framework has five levels ranging from ‘prevent - green’ to ‘lockdown - grey.’ While being in the prevent - green level means our community has the least amount of restrictions, there are still measures we all need to follow to keep the number of individuals testing positive for COVID-19 low in our region. Following these measures will help to protect our vulnerable populations, avoid closures and maintain our health care and public health capacity.

We urge you to:

- Avoid socializing for now
- Limit travel outside the home to
 - Attending school or work - if unable to work from home.
 - Essential trips for groceries, medication and medical appointments.
- Assume everyone has COVID-19 outside your home and take precautions
 - Keep a distance of two (2) metres between yourself and anyone outside of your home. However, if you live alone, you may consider having close contact with another household.
 - Wear a face covering if you need to be closer than two (2) metres from someone outside your

home during essential trips. Being in close contact to someone has the highest risk of transmitting COVID-19, along with being in closed or crowded spaces.

- Wash or sanitize your hands often, cough or sneeze into your sleeve and if you feel unwell stay home and arrange to be tested.
- Limit exercise and recreation to outdoor spaces where physical distancing is possible.
- Avoid travel outside of our district, especially to areas with high numbers of COVID-19 cases, unless for emergencies or urgent medical appointments.

“By working together we can slow the spread of COVID-19 and help to save lives,” explains Dr. Chirico.

For more information on COVID-19 visit myhealthunit.ca/COVID-19 or call the Health Unit’s call centre [1-800-563-2808](tel:1-800-563-2808) option 5 for general inquiries and option 6 for school related inquiries.

Special Meeting Discussion

Town of Parry Sound Withdrawal from Parry Sound Area Planning Board

Presentation: Ministry of Municipal Affairs and Housing

Attendees: Bridgett Shultz-Hostedde (Regional Director)

Danielle Tarrent (Office Manager Sudbury)

Christopher Brown (MMAH Senior Planner)

Background

A number of years ago, the Town requested the Ministry of Municipal Affairs and Housing to allow it to withdraw from the Parry Sound Area Planning Board and to delegate the land division authority to the council of the Town of Parry Sound.

More recently, the Town of Parry Sound had made a deputation to the Minister to move this delegation request along. A copy of the delegation request is attached.

The planning board prepared a response with a small report separating these applications resulting from Town applications in contrast to the balance of the planning board and inviting the representatives of the Ministry to assist in understanding the implications of the Town's withdrawal

Bridget began the session by indicating that the Ministry was eager to discuss various perspectives and in particular what the impacts may be on the board and should the withdrawal proceed, what would be the net steps.

The Ministry wished to understand the operational and administrative working of the board
Bridget provided a brief overview of the authority for planning boards and how varied they were across the northern areas of the province.

The Chair Bonnie Keith opened the discussion to members to the planning board.

Questions/Statements

Cllr. Carmichael What criteria would MMAH consider in such a request?

A: MMAH does research, look at capacity of Town look at planning capacity of both agencies, can the board survive? Composition of board, what are financial impacts, and how are the number of applications affected.

All circumstances can vary.

Cllr McEwen What are financial considerations? Can MMAH elaborate on how the remaining board may be expected to function from province's

perspective? How does MMAH determine the board will continue to work?

A: Each board is different, some use consultants and some rely on staff. MMAH looks at the fees. Will there be a major change needed to fee structure?

Cllr. Gregory Is there an advantage for the Town by withdrawing? There are many shared service arrangement

A: MMAH does not take a particular position. The Town of Parry Sound has a professional planner on staff and could be streamlined. MMAH is simply interested in sharing perspective. In general, MMAH supports planning boards and MMAH believes in sharing services and recognizing common interests. It can be said that the Town is urban while outlying municipalities are rural.

Cllr. Horne Several months ago, the Town of Parry Sound representatives presented a deputation to Minister Clark. The position was that the planning board is a duplication of planning services. This means additional costs, and time for development approvals. This also avoids the need to go to two places. Essentially the hope is to save time/money.

Cllr. Crookshank Carling already has its own on staff planner, is this going to lead to a cascade of withdrawals with other municipalities?

A: MMAH is aware of this potential problem and this would be part of its consideration. The concerns initially are to determine that the planning board is still viable without the Town of Parry Sound. MMAH would undertake its technical analysis, part of this would be to look at surrounding boards.

MMAH Are there any other municipalities were considering leaving the planning board?

A: No response from board members.

MMAH advised that it would reach out to member CAO's for this respective thoughts. They would hope that there would be no need to dissolve the planning board. They advised that the role of the planning board he and across northern Ontario is to make sure municipalities work together.

Cllr. Crookshank When we start to talk about these kinds of restructurings – often amalgamation is discussed. The West Parry Sound Community is inclusive of The Town of Parry Sound as the Parry Sound centred community where there are central services. It is called The Parry Sound Area Planning Board for obvious reasons. How does MMAH view this?

- A: It has not entered the conversation in the case of WPS. Any discussion at AMO have always noted how well the Parry Sound communities work together. Our role is solely to discuss shared planning services.
- Cllr. Gregory Some of the members of municipalities have not discussed the matter in any detail with their CAO's. Additional time may be required.
- Cllr. Carmichael There seems to be no "one" planning framework. Are there other "models" available? For example - there are different official plans
- A: The MMAH recognizes that there are few "area-wide" official plans. It is helpful to recognize and have common interests. Our analysis will look beyond the planning board.
- Cllr. McEwen White has discussed opting out of the board. There seems to be some confusion in the absence of a framework to follow. The direction seemed puzzling and wondered if MMAH could elaborate?
- A: MMAH would need to compile all the necessary information before making a recommendation (amount of applications, finances, operations, administration. There is no hard and fast framework, and no particular process to follow.
- Cllr. Crookshank Do other municipalities have nay say in the withdrawal of the Town from the planning board?
- A: Yes, the MMAH wants to appreciate board member perspective. They would like to know they if they are/not ok with restructuring.
- Cllr. Gorham-Matthews Is there a time frame? Who makes the decision? How anxious is the Town of Parry Sound?
- A: MMAH wants to be sure that it has all the pieces and understands the perspective. It believes a decision will be months rather than years. Perhaps early in 2021.

Christopher Brown, senior planner for MMAH provided a summary of the process for restructuring the planning board

1. MMAH consults with CAO'S
2. It hopes to reach out in the next 2 weeks
3. MMAH will meet with CAO'S
4. MMAH will prepare an analysis
5. If Minister agrees with withdrawal, a posting will be placed on the provincial regulatory registry
6. 45 days will be allowed for comments
7. A proposal will come forward to delegate consent authority to the Town
8. A further reach out will be made to the planning board.
9. The Minister then decides to proceed or not and advises the parties accordingly.

The MMAH did respond to Madame Chair Keith, that the process could be outlined in writing.

MMAH: The next step is to follow up with John Jackson, follow up with the Township, and have informal conversations.

If there were any additional questions the MMAH welcomed these in writing. Board members to reach out to Council in the Municipalities.

Cllr. Gregory believed that no resolution required just report to the prospective Council.

MMAH was appreciated being invited and hoped the board members had some valuable information to take back to there council.

Meeting continued as per usual. See minutes.

THESE MINUTES ARE DRAFT AND YET TO BE APPROVED BY THE BOARD BUT ARE
CIRCULATED FOR INFORMATION ONLY.

Prepared for Parry Sound Area Planning Board.

REPORT TO COUNCIL

| | |
|----------------------|------------------|
| Council Date: | November 18 2020 |
| From: | CAO |
| Subject: | General update |

Administration:

To-date the Covid measures put in place for all operations is working well with no issues. Currently the province is experiencing extremely high numbers, but appear to be in the larger centers. We will continue to work with staff to make sure that safety is No # 1 priority.

The wellness and pool project appears to be moving in a successful direction. The province has asked the steering committee for clarification on the funding application, and have said that they believe they have enough information to complete the project assessment.

The Nobel Church transfer is moving forward, and it is anticipated that the transfer will happen early December.

The Investing In Canada Infrastructure Program has released the **Covid 19 Resilience Infrastructure Stream**. Attached is a break down of the eligible projects. McDougall's funding amount is 100,000.00.

Staff recommends that an application be submitted to help fund the renovations to the municipal office and accessibility renovations to the Nobel Church.

Staff will be meeting with the developer on Portage lake to investigate options for the development that will include municipal road access, public water and use of the concession.

The landfill building soil work has been completed, and will be put on hold until spring 2021. The building tender will be release in mid January with a may start date.

Public works is taking advantage of weather, and continue to complete as many small projects as possible before snowfall. All of the equipment is ready for winter maintenance.

Recommendation:

That staff submit a funding application as requested to ICIP for building renovations.

Subject: COVID-19 Resilience Infrastructure Stream: Local Government Intake Notification

Dear **Tim Hunt**
Municipality of McDougall

Re: Investing in Canada Infrastructure Program (ICIP) – COVID-19 Resilience Infrastructure Stream

On October 28, 2020, Ontario announced the COVID-19 Resilience Infrastructure Stream ("COVID stream") under the Investing in Canada Infrastructure Program (ICIP) in Ontario.

Under the new COVID stream, \$250 million in combined federal-provincial funding will be dedicated to local governments across the province. **Your municipality's allocation is \$100,000 for this new stream.**

The federal government has indicated that investments under this stream are to support public infrastructure, defined as tangible capital assets, including temporary infrastructure related to pandemic response, primarily for public use and/or benefit. According to federal parameters, eligible projects include (see Appendix B for full details):

- **Retrofits, Repairs and Upgrades** for municipal, provincial, territorial and indigenous buildings, health infrastructure and educational infrastructure;
- **COVID-19 Response Infrastructure**, including measures to support physical distancing;
- **Active Transportation Infrastructure**, including parks, trails, foot bridges, bike lanes and multi-use paths; and
- **Disaster Mitigation and Adaptation**, including natural infrastructure, flood and fire mitigation, tree planting and related infrastructure.

Municipalities should work with the federal eligibility criteria to identify projects to address COVID-19 responses and resilience, including in municipal/regional owned long-term care homes. Municipalities are also able to partner with not-for-profit and broader public sector

organizations (e.g. any public sector body) and submit projects on their behalf, using their municipal allocations. This will be subject to the municipality's own project evaluation prior to submission to the province. Not-for-profits and broader public sector organizations are not eligible to apply on their own. More information will be available on this in the program guidelines.

As with other ICIP streams, projects that have already commenced construction or contain no capital components (i.e. planning projects) are ineligible for funding under this intake. Additionally, costs for land acquisition, infrastructure for tourism or facilities home to a professional sports team, and any project already nominated to the federal government under another ICIP stream are ineligible under the COVID stream.

Municipalities will not be required to cost-share under this stream. The federal government will cover 80% of the total eligible costs associated with any approved project and Ontario will cover 20%, however, total eligible costs for all submitted projects cannot exceed your municipal allocation noted above.

Municipalities will have the opportunity to submit projects for review and approval, but eligible costs associated with any given project cannot exceed \$10 million.

There will be a project cap based on your municipal allocation:

- 1 project submission for those receiving a maximum of \$100,000;
- 2 project submissions for those receiving \$100,001 to a maximum of \$500,000; and,
- 5 project submissions for those receiving \$500,001 and above.

Projects are limited to one of four categories as outlined by the federal government in the list in appendix B. Please contact our delivery team (email below) if you have questions about this. Municipalities can bundle various assets, within one of the four categories, under one project submission.

The federal timelines of this program require all parties to work together quickly to implement funding. Applications will be reviewed and prioritized by the province based on a rolling intake (i.e. first-come, first-served), but the following deadlines will apply:

- Applications for single projects must be submitted to the province through the Transfer Payment Ontario (TPON) system by December 21, 2020;
- Applications for multiple projects must be submitted to the province through the Transfer Payment Ontario (TPON) system by January 7, 2021;
- Projects must have started construction by September 30, 2021; and,
- Projects must have completed construction by December 31, 2021; except for remote communities which will have until December 31, 2022 (see below).

Only projects that meet the above criteria, as well as those that will follow in the provincial program guidelines will be considered for nomination by the Province to the federal government. No deadline extensions will be considered. If you do not submit your application on time, or your project does not start and/or complete by the deadlines required by the federal government, you will lose any opportunity to access this funding allocation.

As per federal parameters, remote communities will receive additional time and have until December 31, 2022 to complete project construction. Communities who fall under this definition, as per the Canada-Ontario Integrated Bilateral Agreement, are outlined in the attached in Appendix A.

Application materials (i.e. application forms, program guidelines and federal Environmental Assessment/Duty to Consult forms) will become available on the TPON website once the stream has officially launched the week of November 16th. Please check back on the site for updates in the coming weeks.

If you have questions about your municipality's allocation, program eligibility, getting prepared for project submission or would like a copy of this communication in French, please contact ICIPCOVID@ontario.ca for support.

We look forward to working with you as you submit projects.

Sincerely,

Trevor Fleck
